

PERSONAL EXPRESSION NON-MEDICAL EXHIBITORS

South Dakota Perinatal Association is a unique organization in that it exists solely to provide educational programs and support perinatal education for the State. The SDPA programs deal with preventative and non-high tech issues in all areas of perinatal health care.

The South Dakota Perinatal Association (SDPA) is asking for your support from your company to continue these high quality programs. It is a wonderful opportunity for you to share your products with our conference attendees and gain some great contacts.
